### **Educational Background:**

#### Luther College at the University of Regina:

- 2017-present      **[In Progress] Bachelor of Arts Honours in History**  
Proposed Honours Paper: “‘*The Querelle des femmes*:’ An Exegesis of *Witches, Midwives and Nurses: A History of Women Healers* by Barbara Ehrenreich and Deirdre English and an Analysis of Feminist European Witch Hunt Historiography and Intellectual Thought, 1970s-1990s”  
Honours Supervisor: Dr. Yvonne Petry
- 2019-present      **[In Progress] Bachelor of Arts in German Language and Literature & Sociology**

### **Current Research:**

My research project which is titled, “Hocus Pocus: Representations, Embodiment, Credulity and Imagination of the Female Witch Arch-type in Visual Media and Material Culture” (title may be subject to change) is to not only further my understanding and theoretical knowledge in witch hunt studies but also to give me a better appreciation to the different methodological approaches that academics implement in social science and humanities research. I plan to incorporate traditional historical sources in my research project to substantiate my discussions and responses though I also plan to use a variety of multimedia sources.

My second current research project is a monograph entitled *Discovering our Roots: The History of Ukrainian Dancing in Saskatchewan* is a community-based research project. I am interested in researching into the role that dance played in helping shape and define the cultural identity of Ukrainian communities in the province. My research focuses not only on the history of Ukrainian dance in Saskatchewan, but also on the experiences of Ukrainian dancers, instructors, administrators and adjudicators in the province. Hoping to contribute to a better understanding of the history and cultural impact of Ukrainian dancing in Saskatchewan and consider how this performing art form has influenced and contributed to Saskatchewan society by promoting culture, heritage, and multiculturalism.
